HOTEL STREET

To Those in Quest of A RUG...

To Intending Purchasers
of Rugs we would state that just before
the change in tariff we received a large
and varied assortment of

Japanese Rugs

By purchasing these Rugs before
the change, a saving of about fifty (50)
per cent. was effected, which our cus-
tomers are to profit by, as we do not in-
tend, at present, to increase the price
but will sell them, while they last, at the
old figure.

Under these conditions, a buyer
here can now purchase these Rugs
for much less than they are sold for on
the mainland.

We have made a display of these
Very Handsome Rugs in our large,
central show window, where their beau-
tiful designs and harmonious coloring is
sure to attract attention.

Of Interest to the Ladies...

Few women care for the
hair as they should. When
the hair begins to come out
they are alarmed. It would
be much better if they give it
more attention when it is in a
healthy condition. The first
requisite in the care of the
hair is a GOOD TONIC. Just
the kind we keep. Our Hair
Tonic will kill dandruff. Stop
the hair from falling out. Cure
itchiness of the scalp. Make
the hair soft and glossy. It
keeps the hair and scalp in a
healthy condition.
Try a bottle and give it a
trial.

Philippine Force Will Be Crippled.

Developments in China May Lead
the President to Recommend
an Increase in Army.

NEW YORK, Aug. 30.—A Herald spe-
cial from Washington says: Impera-
tive as is the need of troops in the
Philippines, the authorities to their
great regret are compelled to begin ar-
rangements for the withdrawal of vol-
unteers from the archipelago. Trans-
ports which are now conveying regulars
to China will be used to bring back vol-
unteer regiments which under the law
must be discharged in the United
States before July 1, 1901.

If the backbone of China's resistance
is broken, as the authorities hope, and
an amicable settlement of the Chinese
question is accomplished, the regulars
in China will be ordered to the Philip-
pines. It is apparent, however, that
the forces in China cannot be with-
drawn until negotiations for the solu-
tion of the Chinese question are con-
cluded, and in official circles it is be-
lieved these will continue until next
spring.

The withdrawal of 35,000 volunteers
will sadly curtail the military force in
the Philippines and necessitate a reduc-
tion of the garrisons. The situation in
the Far East and the results of the
presidential election will have much to
do with the recommendations to be
made by the President this fall for an
increase of the army. If Mr. McKinley
be re-elected and the Chinese question
be settled by the recommendation that
the strength of the army be fixed at 65,000
men, if the situation in China necessi-
tates the presence of American troops,
then he will ask that the army be in-
creased to 100,000 men, some of whom
may be volunteers.

FILIPINO CIVIL SERVICE.

Bill to Be Considered by the United
States Commission.

MANILA, Aug. 21.—The Philippine
commissioners, who will be installed on
September 1st, will consider a bill for
municipal organizations. General Otis
municipal scheme as modified includes
provisions regarding land taxation and
a civil service bill empowering the
commission to make appointments by
a system of civil service advancement,
by which it will be possible for the in-
cumbents of the lowest offices, through
efficient service and competitive exam-
inations, to attain positions at the head
of departments and under secretaries.
The heads of the civil service
departments are empowered to dis-
charge employees for cause but are pow-
erless to fill vacancies except through
the regular mode of promotion. The
commission's executive sessions will be
open to the public.

Cape Nome Millionaires.

"Some of the most amusing features
of life on the Pacific coast just at pres-
ent," said a California man at one of
the hotels, "are being furnished by
Cape Nome millionaires. You can
bump against them almost anywhere
in 'Frisco, and their strange adven-
tures are the theme of half the current
stories about town. I ought to ex-
plain," continued the Californian, "that
anybody who comes down from Nome
with gold is immediately rated as a
millionaire. He may not have the mil-
lion with him, but, if not, he owns
claims 'worth at least that amount' on
the fabled tundra, where the moss is
the lucky miners who have reached the
city brought along anywhere from \$5,000
to \$20,000 apiece. With very few excep-
tions they are ignorant men of the la-
boring class, and they have tried in-
dustriously to put their ideas of high
life into execution.

"A big Scandinavian ex-sailor, who
had a bag of dust worth \$15,000, put
up at the Palace for several days, but
was so intimidated by the surrounding
magnificence and haughty servants
that he was afraid to ask for anything
and nearly starved. At last he got des-
perate and rushed down to a 10-cent
hashery, where he ordered four plates
of ham and eggs and paralyzed the
tough waiter with a \$20 tip. Another
Nome Croesus became infatuated with
a Manhattan cocktail he got in a swell
place and hired the barkeeper to travel
with him as cocktail mixer in ordinary.
When last heard from they were head-
ed for the Paris exposition. Still an-
other happened to like the tune a cur-
stone organ grinder was indicating on
the public and promptly bought the in-
strument, including a very lively mon-
key. Later on he paid a Chinaman to
carry the outfit away. Those are cases
I know about myself.

"A really distressing affair amid all
the comedy of new riches was that of
an old miner who had been Alaska
ever since 1888 and finally struck pay
dirt at Nome. He brought back about
\$7,500, and the first night in town was
lured into a dive where somebody pick-
ed his pocket and stole every cent he
had. The poor fellow hadn't even
bought a new suit of clothes. All the
fruit of fifteen years of incredible hard-
ship had vanished like a dream."—New
Orleans Times-Democrat.

A Minister's Good Work.

"I had a severe attack of bilious col-
ic, got a bottle of Chamberlain's Colic,
Cholera and Diarrhoea Remedy, took
two doses and was entirely cured," says
Rev. A. A. Power, of Emporia, Kan.
"My neighbor across the street was
sick for over a week, had two or three
bottles of medicine from the doctor.
He used them for three or four days
without relief, then called in another
doctor who treated him for some days
and gave him no relief, so discharged
him. I went over to see him the next
morning. He said his bowels were in
a terrible fix, that they had been run-
ning off so long that it was almost
bloody flux. I asked him if he had tried
Chamberlain's Colic, Cholera and Dia-
rrhoea Remedy and he said, 'No.' I went
home and brought him my bottle and
gave him one dose; told him to take
another dose in fifteen or twenty min-
utes if he did not find relief, but he
took no more and was entirely cured.
I think it the best medicine I have ever
tried." For sale by all dealers and drug-
gists. Benson, Smith & Co. general
agents, Hawaiian Territory.

NEWS OF THE TOWN

The Honolulu Driving association's
directors will meet this evening at 8
o'clock at the Hawaiian hotel.

Mr. F. Dillingham's tally-ho arrived in
the C. D. Bryant. It has attracted a
good deal of attention on the wharf.

A business meeting of the Young
People's Society of Christian Endeavor
will be held at Central Union Church at
7:30 o'clock this evening.

Mr. Schultze of Hackfeld & Co. re-
ceived a very fine Great Dane dog on
the C. D. Bryant yesterday. The ani-
mal has a pedigree as long as its tail.
Owing to Labor Day, the examina-
tions for teachers which were to be
held on September 3d and 4th have
been postponed to September 4th and
5th.

The California oil fields are being ex-
plored by many Honolulu people.
W. Macfarlane, J. H. Conet and Carl
Wolters are the last to take up oil land
for development.

Judge Humphreys has ordered the
perpetuation of testimony of Nakoo-
ka, in the case of Fanny Strach vs.
Cecil Brown, before George Lucas on
Saturday September 8th.

If La Paloma makes the time
that Clarence Macfarlane's horse did
yesterday morning, she will beat the
Dewey easily. The horse attached to a
light buggy ran away in the morning,
causing great excitement.

A Chinaman driving a wagon ran
over and badly injured a countryman
of his on Williams lane yesterday
morning. The driver of the vehicle
was arrested and the injured celebra-
tion was taken to the Chinese hospital.

The Spanish colony on Punchbowl is
usually doing something that the police
have to look into. Lately some of the
dons have been trying to make one of
their number out a thief, and he has
appealed to the police department for
protection.

The buildings that have been occu-
pied lately by the squatters at Ala-
la park, were torn down by Road Super-
visor Campbell yesterday morning.
The buildings had been condemned by
the board of health as unsanitary and
were ordered torn down.

A new disease has reached town. It
affects the eyes, and dozens of people
are under treatment at the present
time. It has been diagnosed by a
prominent physician as diphtheria of
the eye. Mrs. Eckhart of the Queen's
hospital lost an eye through the disease.

Harry Armitage, C. D. Chase, Will E.
Fisher, F. L. Dorchester, John E. Smith
and H. E. McIntyre were yesterday
selected as a road jury to pass upon
the extension of Kekaunike street from
Fort to Beretania streets. They met
yesterday morning to look the ground
over and will give their verdict today.

In the police court yesterday morn-
ing the following cases were disposed
of. K. Kihiti, hauled down, \$75
and costs; Jas. Kealoha, cruelty to ani-
mals, \$5 and costs; J. J. Maguire, leav-
ing his horse untied in the street, repri-
manded and discharged; Chock Pau,
larceny in the second degree, two years
imprisonment at hard labor.

Advices from Sydney, N. S. W., indi-
cate that the Australian scheme for the
laying of a Pacific cable will be soon an
accomplished fact. An arrangement
has been concluded between the gov-
ernor of New South Wales and the
Eastern Extension Company for the im-
mediate commencement of the work
and the proposed undertaking only
awaits the sanction of parliament.

At a meeting of the Republican club
of the Sixth precinct of the Fifth dis-
trict held at the Ewa court house
Monday night the following officers
were elected: Sam Hookano, presi-
dent; P. McDonald, secretary; Antone
Fernandez, treasurer; W. H. Wilkin-
son, G. J. McCarthy and M. G. Correa,
judges of election. L. L. McCandless,
Frank Archer and Sam Hookano were
nominated for delegates to the district
convention.

Fit Shoes While Standing.

"People would find less difficulty in
sitting themselves with ready-made
shoes," said an experienced shoemaker,
"if they would stand up to have them
fitted. Nine persons out of ten require
a particularly comfortable chair when
they are having shoes tried on, and it is
difficult to make them stand for a few
minutes even when the shoe is fitted.
Then, when they begin to walk about,
they are surprised that the shoes are
less comfortable than they were when
first fitted. The reason is simple.

"The foot is smaller when one sits
in a chair than it is when one is walk-
ing about. Exercise brings a consid-
erable quantity of blood to the feet,
which accordingly swell. The muscles
also expand. These facts must be borne
in mind when one buys one's shoes, or
discomfort and disappointment are sure
to be the result. People who are not
comfortable in ready-made shoes
should have both feet measured. The
result will generally be the discovery
that they have feet of different sizes
and therefore need specially made
shoes."—Washington Star.
